# SEASONAL SPUDS

BRANSTON SPUD SQUAD
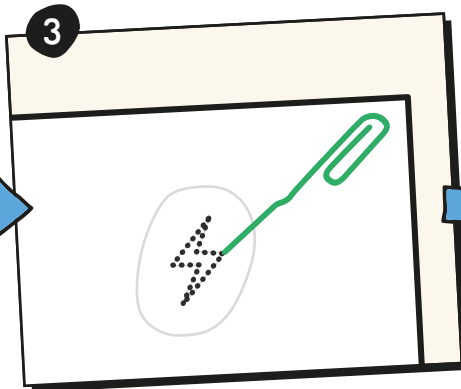

Potato printing

You will need...

- Paper
- Slices of potato
- Pencil
- Paint brush
- Acrylic paint
- Two Paper clips
- Your creativity!

**1** Sketch the design for your print, make sure the design is simple and not bigger than the potato.
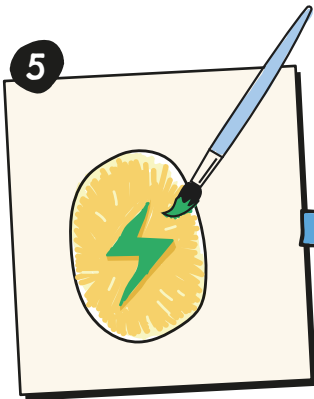

**2** Centre the design on the potato slice.

3 Unfold half the paper clip and trace your design by poking holes through the paper into the potato slice. Remove the paper once finished.
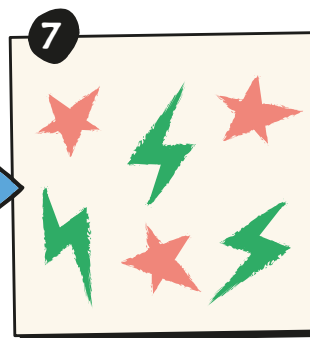

4 Using the other unbent paper clip, scoop out the parts of the potato that you **don't want to be visible** when printing. Pat the potato dry with a paper towel once finished.

5 Use a wet paint brush to spread the paint evenly on the potato design.

6 Press and hold your design against a piece of paper, hold for about 3 seconds.

7 Carefully lift from the paper and check out your print. Repeat and make a pattern or combine it with other designs!
